

# SOFTWARE MANAGER

**KRAKEN LAB** is a division of the **Techno-X Group**, which brings together a creative team of technological titans. It is dedicated to product development and new technologies. From ideation to production delivery, without forgetting the complete operating cycle, KRAKEN LAB is the Techno-X Group's technological innovation center.

Above all, we are a large family of enthusiast who are always looking to push their limits. In order to continue our growth, we are looking for a **Software Manager**.

## You want to know more?

In this role, the incumbent will, among other things:

- Provide strategic and operational leadership and control at the application level for the KRAKEN LAB team.
- Manage a Multidisciplinary Application Development Team including the following profiles, devops, QA, software, scrum master, AI, etc.
- Establish and ensure the respect of the best practices and application development strategies.
- Understand the needs of internal customers.
- Evaluate efforts, prioritize requests, and meet internal customer technology deliverables: SPYPOINT and VOSKER.
- Act as an ambassador for senior management to communicate the strategy to a technology team.
- Ensure a technological watch.

## Required skills

- More than 10 years of experience in IT, including 5 years managing Multidisciplinary Technology Teams.
- Have a university degree in a relevant field.
- Strategic thinking to lead your operational team towards the company's vision.
- Have experience in managing product development teams.
- Possess good priority management skills.

- Be an inspirational leader, adaptable, and flexible to work in a changing and growing organizational environment.
- Have experience in the application world, devops, and AI—important asset.
- Be solution and results oriented.
- Have a good knowledge of the hardware world (camera)—asset.
- Be a good communicator who relies on consensus and exchange.

### Why should you choose the Techno-X Group?

- First of all, a work environment where performance, innovation, and family are valued!
- A work-life balance.
- Schedule flexibility for early and late risers.
- No traffic, you can work directly from home.
- Free 24/7 access to an online doctor.
- A diversified company with a variety of challenges: you can't get bored.
- A group insurance, because we want to take care of our people.

**It is now your turn to tell us about yourself. All you have to do is apply!**
